

December 1, 2004

Director Curtis Denton  
Dolton Police Department  
14030 Park Ave.  
Dolton, IL 60419

Dear Public Safety Professional:

As is our practice each year, the SBC Illinois 9-1-1 Public Safety Team has reviewed your Enhanced 9-1-1 System, to aid you in preparing your Annual Reports to the Illinois Commerce Commission. Enclosed is an updated E9-1-1 Network Diagram for your system, prepared using the VISIO software application. Should you require an additional copy of your Network Diagram during 2005, your 9-1-1 Customer Service Manager can send it to you upon request, as an attachment to an electronic mail message.

As was the case last year, the diagrams include a listing of SBC circuit identification numbers for your system's Selective Router-to-PSAP trunks (ENMC circuits), ALI data circuits (FDDZ circuits), and power failure transfer circuit (CSNC or UGXR). We hope you find this information useful. Should you have trouble involving one of these circuits, having the circuit number information can speed up trouble reporting and resolution.

SBC also provides your E9-1-1 System's 9-1-1 database Error Ratio and Network Access Line count each year. At year-end 2004, your Error Ratio is 0 %, and your Network Access Line count is 7,000.

Included in this mailing is a revised PSAP Restoration Plan, developed to assist you in the event of a major service disruption. The 9-1-1 Service Providers of the state developed the format of the Plan, a requirement of recently passed ICC Part 725 regulations.

The past year has been one of constant change, as we at SBC have continued efforts to implement Wireless 9-1-1 Phase II Service across the state. Discussions on the implementation of VoIP, and its long-term impact on Public Safety continued, with SBC and other Local Exchange Carriers partnering with NENA, Telcordia, and other entities bodies to come up with standards for this rapidly emerging technology. The process of developing standards for VoIP is a multi-year effort, and it is our intent to put additional resources into the process in the coming year.

The SBC Illinois 9-1-1 Public Safety Team will provide details next quarter on a planned modification of the 9-1-1 database platform, which serves the state's E9-1-1 systems. The modification involves changes brought about by the need to move one of the state's ALI nodes from leased space in Chicago to an SBC-owned facility. The project is in the early planning stages, and it is our intent to ensure that changes will occur with no impact

on your ability to respond to each and every 9-1-1 call made by our shared customers, the residents of the state of Illinois.

SBC has a wide range of telecommunications products and services available to the Public Safety industry, and we look forward to discussing these services, as well as other Public Safety issues, with you at state NENA chapter and SBC 9-1-1 Users Group meetings in early 2005. If you would like to discuss your system's error ratio in more detail, please contact Illinois Database Manager Lesley Rosson-Chatmon at (708) 229-0475. Questions regarding your E9-1-1 system can be referred to your 9-1-1 Customer Service Manager, at one of the numbers listed below.

Yours in Public Safety,

*B. Eugene Valentine*

Re: Public Notice of Intent to File 9-1-1 Modified Plan for 9-1-1 Emergency Telephone  
Number System with the ICC

TO WHOM IT MAY CONCERN:

Notice is hereby given that the Village of Dolton, County of Cook, State of Illinois, is filing with the Illinois Commerce Commission an application for approval of a Modified Plan for the 9-1-1 Emergency Telephone Number System. Said filing provides for the operation on an interim basis of the 9-1-1 Emergency System by an outside private vendor in the 9-1-1 center currently located in the Village of Dolton Municipal Building. If you wish to object to the application, it is required that you do so within ten (10) days from the date of this notice by writing to the:

9-1-1 Program  
Illinois Commerce Commission  
527 East Capitol Avenue  
Springfield, Illinois 62701  
(217)782-4911

Elton McClendon, Chairperson  
Dolton Emergency Telephone System Board  
14030 Park Avenue  
Dolton, IL 60419  
(708)201-3204

If no objections are filed, the application will be submitted to the Illinois Commerce Commission for approval of a Modified Plan for 9-1-1- Emergency Telephone Number System. If further information or assistance is needed, please do not hesitate to contact either the Village of Dolton or the Illinois Commerce Commission.

Sincerely,

Jerry McCullough  
Vice-Chairperson

Dolton Emergency Telephone System Board

TO WHOM IT MAY CONCERN:

Notice is hereby given that the Village of Dolton, County of Cook, State of Illinois, is filing with the Illinois Commerce Commission an application for approval of a Modified Plan for the 9-1-1 Emergency Telephone Number System. Said filing provides for the operation on an interim basis of the 9-1-1- Emergency System by an outside private vendor in the 9-1-1 center currently located in the Village of Dolton Municipal Building. If you wish to object to the application, it is required that you do so within ten (10) days from the date of this notice by writing to the:

9-1-1 Program  
Illinois Commerce Commission  
527 East Capitol Avenue  
Springfield, Illinois 62701  
(217)782-4911

Elton McClendon, Chairperson  
Dolton Emergency Telephone System Board  
14030 Park Avenue  
Dolton, IL 60419  
(708)201-3204

If no objections are filed, the application will be submitted to the Illinois Commerce Commission for approval of a Modified Plan for 9-1-1- Emergency Telephone Number System. If further information or assistance is needed, please do not hesitate to contact either the Village of Dolton or the Illinois Commerce Commission.

Sincerely,

  
Jerry McCullough  
Vice-Chairperson

Dolton Emergency Telephone System Board

9-1-1 Program  
Illinois Commerce Commission  
527 East Capitol Avenue  
Springfield, Illinois 62701  
(217)782-4911

On November 21, 2005, this agency filed a formal objection regarding the Village of Dolton's application for approval of a Modified Plan for the 9-1-1 Emergency Telephone System.

When we filed our objection, there were serious concerns regarding the private vendor and its qualifications to adequately serve as our back-up. Since that time we have had numerous meetings with Dolton representatives regarding their vendor and we are now satisfied that our concerns have been addressed.

Therefore, at this time we wish to formally rescind our objection.

Should you have any questions, please feel free to contact me at (708)841-2203.

Sincerely,

Peter R. Satriano  
Chief of Police  
Riverdale Police Dept.

Elton McClendon, Chairperson  
Dolton Emergency Telephone System Board  
14030 Park Avenue  
Dolton, Illinois 60419

On November 21, 2005 this agency filed a formal objection regarding the Village of Dolton's application for approval of a Modified Plan for the 9-1-1 Emergency Telephone System.

When we filed our objection, there were serious concerns regarding who your private vendor would be and its qualifications to adequately serve as our back-up. Since that time we have had numerous conversations with Dolton representatives regarding their vendor and we are now satisfied that our concerns have been addressed.

Therefore, at this time we wish to formally rescind our objection.

Should you have any questions, please feel free to contact me at (708)841-2203.

Sincerely,

Peter R. Satriano  
Chief of Police  
Riverdale Police Dept.

ZENOVIA G. EVANS  
Village President

P. R. SATRIANO  
Chief of Police

November 21, 2005

Elton McClendon, Chairperson  
Dolton Emergency Telephone System Board  
14030 Park Avenue  
Dolton, IL 60419

We are in receipt of your letter giving us notice that the Village of Dolton, County of Cook, State of Illinois, is filing an application for approval of a Modified Plan for the 9-1-1 Emergency Telephone Number System with the Illinois Commerce Commission. Said filing would involve an undisclosed outside private vendor in the 9-1-1 center, currently located in the Village of Dolton Municipal Building.

By this letter, we are filing a formal objection to this application based on the fact that Dolton and Riverdale 9-1-1 centers currently serve as back-up agencies for each other in the event of an equipment failure at either station. Dolton has provided us with no other information as to who this private outside vendor might be or what their qualifications might be. Our dispatch centers work closely together. Until we receive further information regarding who will be handling Dolton's 9-1-1 Emergency Dispatching, we are compelled to file this objection.

Should you have any questions, please feel free to contact me at (708)841-2203.

Sincerely,

Peter R. Satriano  
Chief of Police  
Riverdale Police Dept
